The Greenville and Columbia Railroad Company are issuing Centennial tickets to Philadelphia and return for \$36. These tickets are on sale at the Anderson depot.

The Pomona Grange held a lengthy session on last Monday, discussing matters pertaining to business of the order. The meeting was largely attended, and was in session four or five hours.

Capt. W. S. Sharpe has some of the tallest orchard grass growing upon his lots we have ever seen. He is giving much attention to the grasses, and is devoting considerable time to farming these days.

There were not many persons from the country on last Monday, and altogether it lands occupied only a short time, most of future days.

Rev. A. W. Lamar will re-enter upon his appointments in the Saluda Baptist Association on next Sabbath, beginning at Turkey Creek Church in Abbeville County. The change is made from Walnut Grove at the instance of members in that vicinity.

Centennial tickets to Philadelphia and return are on sale at Seneca City and Greenville, via Lynchburg or Richmond. The trains on the Air Line Railroad now run through to Richmond, which will prevent change of cars at Charlotte, as heretofore.

One of Tozer's engines attracted much attention on last Monday, and kept the crowd together for some time. It was put under a full head of steam, and Mr. Tozer was present to explain its good qualities to the admiring spectators. We learn this engine has been purchased by Mr. S. C. Humphreys.

The colored people had a Sunday School celebration on Saturday last, in the suburbs of town. The Baptist and Methodist congregations united in the celebration, and the day was spent in appropriate exercises. Messrs. G. F. Tolly, L. P. Smith and A. P. the Sunday Schools.

The following citizens of Anderson County have been drawn to serve as grand and petit jurors for the August term of the United States District Court at Greenville: Messrs. J. We would suggest to some active and enterprising young man that money might be made by getting up an excursion train to Charleston, on the occasion of the Fort Moultrie Centennial on the 28th inst. Many of our citizens would like to visit Charleston at that time, provided excursion tickets were offered at a reduced rate.

The heaviest rain of the season occurred in the Fork country on last Saturday, and we regret to learn that much damage was inflicted upon the growing crops. The lands were badly washed, fencing carried away, and the small grain crop considerably injured. Unusually hard rains visited that section on Thursday, Friday and Saturday.

Mr. J. Baylis Lewis has been appointed local agent for the sale of Centennial tickets by the Atlantic Coast Line, and can give choice of thirteen different routes to and from Philadelphia. If you are going to the Centennial this time, consult Mr. Lewis before deciding upon the route. He has extra inducements to offer clubs of ten or

Everything now-a-days partakes of the Centennial, but some of our subscribers may be properly termed bi-Centennialists, as we don't believe they will display their patriotism and generosity towards us within the next two hundred years! Eddie is not certain whether the present will prove valuable as a means of recreation during a dull summer, but he has the snake on exhibition at Simpson & Sadler's, and many persons are visiting the

establishment to get a look at the monster. The Atlanta and Richmond Air Line Railroad changed its schedule on Sunday last, and the time is shortened several hours between Atlanta and Richmond. Persons from this section make close connection at Seneca City going East, but the schedule does not make connection with the Blue Ridge Railroad in the morning, by which

It will be remembered that Hon. A. B. Smedley, Lecturer of the National Grange, will address the public at Anderson on Tuesday, 20th inst. We understand that Mr. Smedley has consented to speak at Sandy Springs on Monday night, 19th inst., and he goes from this place to Seneca City, where he will speak on the evening of the 20th. Further announcement as to his address at Anderson will be made next week.

Speaking of cotton, the senior editor of the Intelligencer has a fine cotton patch this year, among other valuable possessions, and he is preparing to meet hungry creditors next fall with the stereotyped reply, "Wait until I sell my cotton!" He has heard this answer so often during the last ten years that it has occurred to him as ridiculous not to be in the fashion. Hence, the cotton patch near his residence, in which so many discouraging from various sections of the are taking a friendly interest.

A circular from Col. Thomas Dodamead, Superintendent of the Greenville and Columbia Railroad, informs us that the accommodation train between Belton and Anderson on Tuesdays, Thursdays and Saturdays will be discontinued on and after to-day until further notice. It has been a great convenience to the public for a long time, but the necessity for a retrenchment of expenditures compels an abandonment for the present of this convenience.

We regret to learn of the sudden death of Mr. John R. Moseley, of Lowndesville, which occurred on the 5th inst., from an over-dose of morphine. He was about thirty years of age, and was well known in our community as an energetic and correct business man. He has been in the employ of different firms in Anderson for several years, and all of his acquaintances will receive with sadness the news of his untimely Saturday, 24th inst., at 4 o'clock p. m. Good, sensible, short speeches were made by several colored men present, also. Upon a call for signatures forty-three persons came forward and signed their names. The Society meets next Tuesday night in the Methodist Church.

#### FOURTH OF JULY CELEBRATION.

The Anderson Democratic Club, as will be seen by the reported proceedings, has determined to observe the approaching anniversary of American Independence in appropriate style, and we learn that the Executive Committee has gone to work with commendable zeal to perfect the arrangements was a dull saleday. The sale of delinquent | for a successful observance of the day. Invitations have been extended to Gen. J. B. the tracts advertised being postponed to Kershaw, Gen. Samuel McGowan and Hon. W. D. Simpson to deliver addresses upon the occasion, and it is hoped that all of these gentlemen will accept, in which event they may feel assured that the Democracy of Anderson County will give them a cordial and enthusiastic greeting. It has been many years since the descendants of the heroes of the American Revolution in our midst "tempted to honor the natal day of Independence, and we think it is a happy augury of the future that the Fourth of July is to be re-established in this Centennial year as a day of rejoicing and thanksgiving among our people. We trust that every one will lend cheerful assistance to whatever measures may be inaugurated for the proper observance of the occasion, and that our friends from the country will unite with the Anderson Club in large numbers on that day. The Executive Committee has decided upon a basket dinner, and the ladies are earnestly solicited to co-operate in making this feature a success. The programme of the day will be announced in due time.

## MURDER WILL OUT.

A negro calling himself Henry Lofti arrested some two months ago upon a charge of assault and battery with attempt to kill, and in default of bail was committed to the jail to await his trial in the Court of Sessions. He was not known in this community, and suspicion rested upon him as a refugee from justice. This suspicion led to inquiries as to his former life, and on Tues-Hubbard accepted invitations and addressed | day last the developments pointed clearly to his connection with a murder in Gainesville, Ga., some time last year. He has been identified by Mr. W. S. Cox, formerly a citizen of Anderson County, who now resides in Gainesville, as a negro known in that place as Henry Winters, who killed another negro and fled from justice. Mr. Cox is positive in regard to the matter, we understand, and was able to identify the man as Henry Winters out of nine prisoners shown him at the same time. The matter will be investigated. and the authorities in Georgia will doubtless take the proper steps to secure his transfer to their jurisdiction at an early day. The facts in this case prove that "murder will out," for there was a very slight intimation as to his true character when he stood a preliminary examination for assault and battery two months ago, and the developments since that time were purely circumstantial, until Mr. Cox came here upon private business, when he was requested to visit the

We understand that the Harper Grange, Patrons of Husbandry, and Lebanon Division, Sons of Temperance, propose to combine together in giving a grand pic nic celebration on Thursday, 13th of July next. The following Granges and Temperance Societies are earnestly and respectfully invited, viz: Anderson, Town Creek, Deep Creek, Hunter's Spring and Bishop's Branch Granges; Anderson, New Prospect, Salem and Hopewell Divisions. The Masters of Granges and Worthy Patriarchs of Divisions are requested to encourage a general attendance of their members in full regalia. Grange procession will be formed at 10 o'clock and march to the stand, when s speech will be delivered to the Patrons of Husbandry, after which a short recess will be taken. Temperance procession will then follow, and a Temperance address. Grand procession of both orders will then march to the dinner table. Prominent speakers will be procured for the occasion, and the public generally are invited to participate in the day's festivities.

## MURDER AT PENDLETON.

A murder was committed in Pendleton on Tuesday evening, 30th of May. In an altercation which occurred between Jordan Evitt and Sam Williams, both colored, the latter was stabbed and died in a few minutes. It seems that these parties had a difficulty several days previous, and meeting in a store on Tuesday the trouble was renewed between them, a fight ensued, and the result was the death of Williams. Both parties were mere boys, not more than fifteen years we are deprived of the mail facilities hereto- of age. Trial Justice W. H. D. Gaillard held an inquest over the body of the deceased, and the jury rendered a verdict of "willful murder." Evitt was arrested promptly, and lodged in jail at this place on Thursday morning, to await his trial at the next term of Court

The Greenville Daily News is publishing extracts from the celebrated speech of Hon. D. T. Corbin on the causes of the State bankruptcy, which was delivered in Greenville of Jury Commissioner and his voting for W. on the 4th of July, 1872, pending the Moses-Tomlinson campaign. REPLIES TO "A DEMOCRAT."

PENDLETON, May 29, 1876. MESSES. EDITORS: Will you permit me to answer, on my part, an inquiry addressed in your last issue to Messrs. Vandiver, Orr and Simpson, requesting us to say whether, if nominated by the Democrats of Anderson County, we would consent to serve another term in the Legislature.

I do not desire to serve another term in the Legislature, my political ambition, if I ever had any, having been satisfied to the fullest extent; but, still, I do not desire to shirk any of the responsibilities, labors or sacrifices incident to our present position and to the canvass just before us. Every man must do his duty if we expect to restore our State to her former prestige Should, therefore, the Democrats of Ander son County see proper to nominate and elect me I will not refuse to serve them.

R. W. SIMPSON.

ANDERSON S. C. June 5, 1876. MESSES. EDITORS: In your issue of the 24th ult. I see a card signed "A Democrat," asking Messrs. Vandiver, Simpson and myself if we will run again if nominated. If I thought that I could be of service to the County and State by returning to the Legislature another term, I would feel that it was my duty to do so, no matter what the personal sacrifice might be. But I am convinced that an abler and more useful representative can be selected, and one who wil not find the position so utterly distasteful. For these reasons, I have announced myself as a candidate for Solicitor of this Circuit, which position would give me an opportunity of attending closely to my profession,

and prove more pleasant and profitable. If, however, the Democrats of this County think that I am better suited than others for the Legislature, I shall not endanger their success in this County by refusing to accept the position if elected, for I consider a Democratic victory in this campaign our only salvation from total ruin and absolute degradation.

Respectfully your obedient servant, JAS. L. ORR.

#### SPECIAL NOTICES.

A Flower that Changes its Color. Botany is a division of natural science which treats of plants, and a study of Vegetable Phisiology must be the foun-dation of botanical knowledge—a study only possible by the improvements in the microscope and in organic chemistry. As plants are not scattered haphazard over the earth, botanical geography must be studied, and, with this, plant-history. Botany will be applied to the wants of every-day life, as in Agriculture, Horti-culture, or Medical Botany. Animals often exhibit a marvelous instinct in selecting medicinal herbs, and an observation of their habits has often, even in the present time, led to most valuable discoveries. And should man, with his knowledge and appliances, fail to discover less than the brute? It is of Medical botany structions of the County Convention for a barbecue and celebration on the 4th of July PLANT, discovered in Southern Nubia, the Flower of which changes its color with every change of the atmosphere. The remarkable changes and variations of this Plant and Flower have been for of this Plant and Flower have been for years our special study, resulting in the discovery of its possession of wonderful medical properties, the existence and value of which have heretofore been entirely unknown to medical science. Af-ter much labor and scientific investigaion, we have succeeded in extracting its peculiar medicinal principles, which is a specific and cure for all diseases of the Liver, Stomach and Bowels; a perma nent cure for Dyspepsia, Indigestion, Spleen, Constipation, Jaundice, and all Billious Complaints. Of course we cannot send a living Flower of this Plant to all who read of Hepatine; but to all who will send their address to MERRELL & COUDEN, Philadelphia, Pa,, with a threecent stamp for return postage, we will send FREE a fac-simile of the Flower, that will change its color just the same as the real Hepatine Flower.

of the Liver. Is Your Life Worth 10 Cents? Sickness prevails everywhere, and every-ody complains of some disease during their ife. When sick, the object is to get well; life. When sick, the object is to get well; now to say plainly that no person in this world that is suffering with Dyspepsia, Liver Cemplaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomash, Heart Burn, palpitation of the Heart, Depressed Spirits, Biliousness, &c., can take Green's August Flower without getting relief and cure. If you doubt this, go to your Druggists, Wilhite & Williams, and get a Sample Bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you.

Popularity. It is a self-evident fact that unless a per-

son possesses sterling worth he will not have the esteem of his fellow-men. It is true, that for a time he may deceive, but eventually his faults will be exposed.

This is applicable also to articles recommended to the confidence of purchasers. For a brief period by false commendations and glittering exterior, they impose on the people, but as soon as tested they are cast aside. The test of ten years has proven the people, but as soon as tested they are cast aside. The test of ten years has proven the intrinsic worth of Dr. Turr's Hair Dyr, and to-day no preparation enjoys greater popularity. From year to year the demand for it has increased, and now it is in general use both in this and foreign countries. No stronger proof of its value could be given.
